

Delivering advanced geolocation technology exclusively to the regulated iGaming sector

Cost-Effective Solution | Lightning-Fast Integration | Compliance Guaranteed

Trusted geolocation service for iGaming partners

Serving iGaming’s geolocation market for over 12 years and compliant with some of the strictest geolocation regulations in North America, GeoLocs, is trusted by world-leading iGaming operators and platforms.

12+ Years
trusted by operators

12 Operators
across North America

18 MILLION
geolocation lookups per day

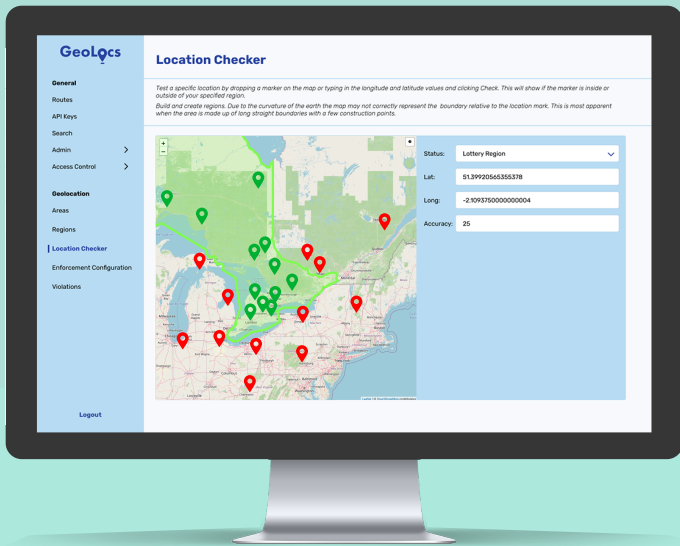

“The technology, knowledge, and expertise behind GeoLocs has been key in supporting us to license and operate in Ontario, during what is a highly anticipated and exciting milestone for Casumo and our players.”

Mark Busuttill, Chief Product Officer

“The technology and expertise behind GeoLocs, as well as the knowledge of regulations and compliance, has been a fantastic support and is what made the GeoLocs offering stand out.”

Chris Rogers, Deputy Director Marketing and Products at Arizona Lottery

Why Choose GeoLocs?

GeoLocs is the alternative and commercially competitive geolocation verification service dedicated to providing a guaranteed compliance solution.

Everything, from the self-service portal to the easy SDK integration and 24/7 support, gives you the edge to thrive in the dynamic iGaming space.

Key Features

Commercially Competitive

We understand that geolocation compliance in iGaming can be challenging to navigate. Integrating/choosing GeoLocs guarantees a fast, easy, cost-effective solution, that's regularly updated to maximise ROI.

Lightning-Fast SDK Integration

Seamless SDK integration sets GeoLocs apart. In under 5 days, enjoy the benefits of robust technology, providing a hassle-free experience for teams and players alike.

12+ Years Trusted by Operators

With a track record spanning two decades, GeoLocs has earned the trust of some of the biggest names in the industry.

Supports Mobile Web Play

Mobile-first approach, enhancing the online/real-money gaming experience for players across iOS, Android and desktop devices - with no unnecessary downloads.

Self-Service Portal

Easily manage and customise settings, UAT geolocation areas, compliance, and reporting controls through the GeoLocs Portal
